HANDMADE HIMALAYAN FASHION

2010/11

SUMMER CATALOGUE

Dear valued customers,

We proudly introduce to you our Summer Catalogue 2010/11.

We have renamed Shuvalalava, the textile we have been devotedly supplying our European customers for more than ten years, Salsa Malasa, but it is still the same high-quality.

Our aims include the following:

- Promote fair trade
- Develop small and cottage industries
- Development women's skills, especially in tailoring
- Provide free education to the children of Nepali artisans.

Work with various local non-government organisations to promote community development. One of our partners is Taksindu Social Welfare, which, under the leadership of Mr. Karma Sherpa, has helped foster development in Himalayan communities. We are proud of the progress that has been made.

All of our goods are produced with the goal of boosting the standard of life here in Nepal. We support small and cottage industries and employ skilled artisans whose livelihood is tailoring. Our commitment to women's development is reflect in our work force: most of our employees are women. All of our goods are handmade.

It is recommend that our clothes by hand-washed in cold water.

Yours Salsa Masala-Team
